Unattended Reception and Print-out of Up-to-date Navigation and Weather Information

FEATURES

- Compact, lightweight and simple operation design
- Received information available for JRC ECDIS
- High reliability based on digital demodulation

JRC Japan Radio Co., Ltd.
**FEATURES**

- **Compact, lightweight and simple operation design**
  This navigation telex system can be installed in all ships.
  Unattended reception and print-out of information with simple operation.

- **Support for IBS (Received data is output to an external device)**
  Received data can be sent to the JRC total navigator (ECDIS) to be displayed on an electronic chart and recorded.
  This system supports for connection to the JRC Shipbone Integrated Radiocommunication System (IRCS).

- **Semi-permanent storage of settings**
  Once the Receiver is set up, there will be no need for reentry of settings after the power is turned off.

- **Settable font size**
  The font size can be changed between enlarged and normal characters.

- **Use of the digital demodulation system**
  The digital signal processor (DSP) enables stable reception as well as high reliability.

- **Printing paper saving**
  The system can store 128 messages identification numbers and it prevents duplicate print-out of the same message.

- **Use of long printing paper**
  A paper roll of 40 m-long is used for the printer, which is increased 60% in length from the conventional our paper to reduce the frequency of paper replacement.

**COMPONENTS**

- **NAVTEX Receiver**: NCR-330
- **Mounting Screw**: MPTG02024A
- **Thermal Printing Paper**: 80 mm-wide × 40 m-long (7ZPJD0044)
- **Spare Parts (2 fuses)**: 6ZXAF00021
- **Instruction Manual**: 7ZPJD0067
- **Operation Card**: 7ZPJD0069

**OPTIONS**

- **Active Antenna**: NAW-330
- **Power Supply Unit**: NBG-122 (Support for CE marking, AC and DC input.)
  - Approx. 1.2 kg
- **External Buzzer**: CGC-300A (AC input)
  - Approx. 0.7 kg
- **EDCIS Connection Kit**: 7ZXJD0023 (including 3m length connection cable)
- **IRCS Connection Kit**: 7ZXJD0024 (including 1m length connection cable)

**SPECIFICATIONS**

- **RECEIVER**
  - Receiving frequency: 518 kHz
  - Receiving mode: F1B NAVTEX broadcast
  - Sensitivity (50-ohms input): CER better than \(10^{-2}\) at 1 V input to 50-ohms antenna
  - Frequency stability: \(15 \text{ Hz}\)
  - Antenna input: 50-ohms for active/wide-band antenna, and high impedance for wire antenna

- **PROCESSOR**
  - Signalling mode: NAVTEX decoding in accordance with ITU-R Rec. 476-5, 625-3 B-mode and 540-2

- **PRINTER**
  - Type: Thermal
  - Characters/line: 35/40 (7 × 6 / 7 × 7 dot matrix)
  - Paper roll: 80 mm-wide × 40 m-long, thermal printing paper, 60 mm/max in O.D. and 12 mm/min in I.D.
  - Paper out: Audible alarm and blinking of LED

- **CONTROLS**
  - Power ON/OFF: Alarm OFF; Paper feed; Dimmer; TEST (self-diagnostic);
  - Setting of coast stations and Message type; Programmed Status Print-out;

- **ALARMS**
  - Urgent message: Paper-out

- **GENERAL**
  - Power supply: 12 to 24 V DC (10.8V/min, 35V/max)
  - 100 to 120 V AC or 200 to 240 V AC or 24 V DC with power supply unit (NBG-122 option)
  - 100 to 240 V AC with power supply unit (NBG-4534A option)
  - Power consumption: 5 W (standby at 24 V DC); 7 W (printer operating at 24 V DC with peak current of 0.6 A)
  - Ambient temperature: -15 to 55°C (operational)
  - -25 to 70°C (storage)
  - Ambient humidity: Up to 95% at 40°C
  - Mounting: Wall-mounted, desk-top or overhead

**DIMENSIONS**

- **NAVTEX Receiver**: NCR-330
  - Mounting Screw MPTG02024A
  - Thermal Printing Paper: 80 mm-wide × 40 m-long (7ZPJD0044)
  - Spare Parts (2 fuses): 6ZXAF00021
  - Instruction Manual: 7ZPJD0067
  - Operation Card: 7ZPJD0069

- **OPTIONS**
  - Active Antenna: NAW-330
  - Power Supply Unit: NBG-122 (Support for CE marking, AC and DC input.)
    - Approx. 1.2 kg
  - NBG-4534A (AC input)
    - Approx. 0.7 kg
  - External Buzzer CGC-300A (AC input)
    - Approx. 0.7 kg
  - EDCIS Connection Kit 7ZXJD0023 (including 3m length connection cable)
  - IRCS Connection Kit 7ZXJD0024 (including 1m length connection cable)
